PROFILE

Fourth-year Software Engineering student at Bahir Dar University seeking a university internship starting around February 2027. Interested in full-stack web development and eager to strengthen technical skills through practical project work, collaboration, and feedback from experienced developers.

EDUCATION

Bachelor's studies in Software Engineering

Bahir Dar University, Ethiopia | Expected graduation: 2028

TECHNICAL SKILLS

Frontend fundamentals: HTML, CSS, JavaScript

PROJECTS & COURSEWORK

Weather App

Worked on a weather application project. Further implementation details were not provided.

API Integration – Poem Generators

Worked on poem-generator projects involving API integration.

InternConnect Website

Worked on a website project named InternConnect.

INTERNSHIP GOAL

Seeking a student internship in software or website development where I can learn from experienced developers, contribute to real projects, and continue building full-stack development skills.

ADDITIONAL INFORMATION

Open to learning new tools and technologies, collaborating with a team, and improving through feedback.
